IMPORTANT QUESTIONS 2019

Class: IX

Subject: English

Section A (Compulsory) MCQs

Note: i) Attempt all questions of this section.

ii) Do not copy down the part questions. write only the answer against the proper number of the question and its part according to the question paper.

iii) Each question carries 1 mark.

iv) Write the code of your question paper in "Bold Letters" in the beginning of the answer script (only in board paper)

Q1: Choose the correct answer for each question from the given options.

1. Insert a suitable article.

The richman was riding on _____ white horse.

* a * an * the * none of these

2. Choose an accurate preposition.

I can solve this question _____ two seconds.

* into * within * without * none of these

3. Choose the correct answer.

Adjective is a word that describes and adds something to the meaning of _____.

* verb * noun * adverb * preposition

4. Pick out the synonym of the word "dignity"

* honour * the best * excellent * marvelous

5. Find out the correct punctuated sentence.

he said to headmaster may I come in sir

* He said to headmaster, "May I come in sir" * He said to Headmaster, "May I come in Sir"?

* He said to headmaster, "may I come in sir?" * He said to headmaster, "May I come in sir?"

6. Indicate the correct tense.

I had posted the letter.

* past indefinite tense * past continuous tense

* past perfect tense * present perfect tense

7. Pickout an accurate indirect speech.

I say to her, "You know me very well."

* I say to her that I knew her very well * I tell her that she knows me very well

* I tell her that you know her very well * I tell her that I know her very well

8. Choose the correct answer.

Major Aziz bhatti returned Pakistan with his father in

* 1928 * 1945 * 1947 * 1948

9. Indicate the correct direct narration

She prayed that he might live long.

* She said to him, "Can you live long!" * She said to him, "May you live long?"

* She said to him, "May live long you!" * She said to him, "May you live long!"

10. **Select the accurate interrogative sentence.**
Qasim drank a glass of milk.
 * Did qasim drank a glass of milk? * Does Qasim drink a glass of milk?
 * Did Qasim drink a glass of milk? * Do Qasim drink a glass of milk?
11. **Pick out an appropriate Negative sentence.**
He had stood first in his class.
 * He had not stored first in his class. * He did not have stood first in his class.
 * He had stood not first in his class. * He has not stood first in his class.
12. **Choose the correct Passive Voice.**
She has drawn a cheque.
 * A cheque have been drawn by her. * A cheque has been drawn by her.
 * A cheque is drawn by her. * A cheque has been drew by her.
13. **Choose the correct Active Voice.**
A gift was given by us.
 * We given a gift. * We did give a gift.
 * We gave a gift. * We gave a gift to him.
14. **Choose the correct answer.**
The poem "Rain in Summer" was composed by:
 * William Shakespeare * Mrs. Elsa Kazi
 * H.W Longfellow * William Wordsworth
15. **Select the correct degree of adjective**
Q. No. A was _____ than Q. No. B
 * easy * more easy * easier * easier

Section B (Short Answered Questions)

- Q2: (a) Answer any FOUR of the following questions in three or four sentences each. 08**
1. What did Hazrat Muhammad (S.A.W.W) ask the Quraish? OR
 What did the Quraish do with the Holy Prophet (S.A.W.W)? OR
 What does the Last Sermon teach us?
 2. Why did Shah Abdul Latif leave his home and spend his time on the mound? OR
 Why did Shah Latif also like to sit near a lake? OR Message of Shah Latif?
 3. Why did Helen Keller's teachers love and admire her? OR
 Why did Helen Keller come to Pakistan? OR How did Helen learn to speak & spell?
 4. When and upto what year was Allama Iqbal elected as a member of the Punjab Legislative Council?
 OR How did the Quaid-e-Azam praise Allama Iqbal on his death? OR
 Allahabad address of Allama Iqbal?
 5. Why was Quaid-e-Azam called an Ambassador of Hindu Muslim Unity? OR
 What message did Quaid given on 11th August, 1947?
 6. Where and how did Major Abdul Aziz Bhatti fight against the enemy? OR
 How did Major Abdul Aziz Bhatti get martyrdom? OR Why was Aziz Bhatti awarded Nishan-e-Haider. OR Duties of a Good citizen? OR Two workmen or important person of the village? OR
 What is the secret of success?
- Q2: b) Answer any two of the following questions in three to four sentences each. 04**
1. What was the reason behind the dancing heart of William Words Worth? OR
 What does the Neem Tree look like ? OR Why can't the poet to stop to see the beauty of the woods
 OR Which thing is the bliss of solitude of William Words Worth?
 2. What was Henry Long Fellow compared with the children?
 3. What happens when it rains? OR Why is the Miller happier than the King?
 Why is the street called "Fiery" in the poem "Rain in Summer"?
 4. Why was Abou Ben Adhem's name at the top of the list? OR How can we get God's love? OR
 What did Abou ask 1st, 2nd & 3rd time?

- Q3: Read the following paragraph and answer the questions given below. 06**
 "Perhaps there was once a town or a city which lies under these mounds of clay and sand. Let us dig here, may be we shall uncover the remains of an old city."
 i) Name the lesson and the speaker.
 ii) What is the speaker talking about?
 iii) What was buried under the mounds of clay?

- Q4: Read the following stanza their answer the questions given below. 06**
 "Continuous as the stars that shine
 And twinkle on the milky way,
 They stretched in a never-ending line,
 Along the margin of a bay."
 i) Name the poem and the poet / poetess.
 ii) Give the central idea of the poem.
 iii) Explain the words "Milky Way"

- Q5: Supply the missing word or phrase (any six) 06**
 1. Shah Latif had a very sensitive _____.
 2. How _____ you are, how unafraid.
 3. Some people use Kerosine oil and _____ to kill the mosquitoes.
 4. And miles to go before I _____.
 5. We should pay or taxes properly, fully and _____.
 6. Miss Sullivan was _____ and patient.
 7. I gazed and gazed but little _____.
 8. Florence Nightingale was born in the town of Florence in _____ in 1820.
 9. The King was in search of the _____.
 10. Allama Iqbal did Ph.D from the _____ university.

- Q6: Use any six of the following idioms / phrase in sentences of your own. 06**
 Bit by bit, a few, far and wide, again and again, a lot,
 not many, nothing but, the rest of, information, succeeded,

Section "C" Descriptive Answered questions

- Q7: Write an essay of 100 to 120 words on any one of the following topics. 08**
 i) A memorable visit ii) Duties of a Good Citizen iii) A Book or Science Fair
 iv) The Personality I Like Most OR Hobby You Like Most v) A Cricket Match
- Q8: Write an application to the H.M of your school requesting him / her to allow your class to play a friendly match. OR**
 Write a letter to your father requesting him to send you some extra amount of money to take admission in the evening I.T Classes. OR
 Write a dialogue between two students discussing about the importance of Reading Books.
- Q9: Translate any five of the following sentences into English.**

- ۱۔ پاکستان دنیا کا ایک اہم اسلامی ملک ہے۔
 ۲۔ کیا آپ اپنی صحت کا خیال رکھتے ہیں؟
 ۳۔ میں اس اسکول میں پچھلے پانچ سالوں سے پڑھ رہا ہوں۔
 ۴۔ انہوں نے آج کا اخبار ابھی تک نہیں پڑھا۔
 ۵۔ اگر وہ باہر کھائے گا تو بیمار ہو جائے گا۔
 ۶۔ کبھی جھوٹ نہ بولو۔
 ۷۔ جو گرجتے ہیں وہ برستے نہیں۔
 ۸۔ دوست وہی جو وقت پہ کام آئے۔
 ۹۔ ہمیں ہر کام وقت پہ مکمل کرنا چاہئے۔
 ۱۰۔ اچھے طلباء ہمیشہ اپنے اساتذہ کا احترام کرتے ہیں۔

Q10: Read the following passage carefully then answer the questions given below.

The main source of communication for the children is and will continue to be electronic equipments like T.V, Radio, Computers, Mobile etc. why not spend the invaluable school time in teaching them to react later to these devices! Teach them to enjoy better programs. Teach them to listen and view critically. They must learn how to select the significant from the misleading and the trivial. Our educational system is missing an opportunity to focus on the needs of the children of tomorrow.

Questions

1. Suggest a suitable title for the above passage.
2. What is the main source of communication of today's children?
3. What must a child learn through the use of these devices?
4. What is missing in our educational system?
5. Given noun forms of the given verbs;
i) React ii) Wise

OR

Write a short note on any one of the following.

- i) Moen-Jo-Daro ii) The Great War Hero iii) Urs of Shah Latif Bhitai
- iv) Helen Keller v) The Village Life in Pakistan

IMPORTANT QUESTIONS 2019

Class: IX

Subject: Chemistry

Chapter 1: Introduction to Chemistry

1. Chemistry and its importance in daily life or in our society.
2. Contributions of Muslim and modern period scientists
3. Scientific method and its stages.

Chapter 2: Chemical Combination

1. H-shaped tube experiment
2. Chemical reaction and its types
3. Law of constant composition
4. Law of Reciprocal proportion
5. Balancing equations, Numericals of Mole and Avagadro's Number

Chapter 3: Atomic Structure

1. Properties of cathode rays
2. Rutherford's Gold Foil experiment
3. Radioactive rays and its properties
4. Definition:
 - a) Atomic Number
 - b) Mass Number
 - c) Radioactivity
 - d) Isotopes

Chapter 4: Periodicity of Elements

1. Properties of Alkali Metals / Halogens / Transition Elements
2. Advantages and disadvantages of Mendeleev's periodic table
3. State: a) Dobereiner law of Triads b) Law of Octaves c) Modern periodic law

Chapter 5: Chemical Bonding

1. Properties of ionic and covalent compounds
2. Difference between covalent Bond and Co-ordinate covalent bond
3. Covalent Bond and its types

Chapter 6: States of Matter

1. Graham's Law of diffusion
2. Brownian movement with example

Chapter 7: Solution and Suspension

1. Types of solution
2. Difference between solution and suspension
3. Numericals of Molarity and Mole fraction

Chapter 8: Electrochemistry

1. Electrolysis of NaCl and water
2. Faraday's 1st and 2nd law of Electrolysis
3. Dry cell and lead storage battery
4. Numericals of Faraday's 1st law

Chapter 9: Acids, Bases and Salts

1. Properties of Acids and bases
2. Bronsted and lowry concept
3. Salt and its types
4. Define a) pH b) Acidity of Base c) Basicity of Acid
5. Numerical of pH and pOH

Chapter 10: Chemical Energetics

1. Exothermic and Endothermic reaction with example
2. Flameless radiation Heater

Chapter 11: Hydrogen and water

1. Industrial preparation of Hydrogen
2. Methods of removing Hardness of water
3. Nascent Hydrogen
4. Difference between ordinary water and heavy water
5. Isotopes of Hydrogen

Chapter 12: Carbon, Silicon and their compounds

1. Crystalline and Amorphous form of carbon
2. Difference between carbon and Graphite
3. Short note: Water glass and silica gel

Chapter 13: Nitrogen and Oxygen

1. Oxides and its types
2. Haber – Bosch process
3. Aqua Regia or Hydrogen peroxide

Chapter 14: Sulphur and its compounds

1. Properties of Rhombic and monoclinic sulphur
2. Frasch process
3. Uses of sulphuric acid

Chapter 15: Halogens

1. Nelson's cell
2. Laboratory preparation of HCl and chlorine
3. Bleaching powder

Chapter 16: Metals and their Extraction

1. Physical and chemical difference between metals and non-metals
2. Extraction of Iron or Copper
3. Alloys and their compositions

Chapter 17: Organic Chemistry

1. Substitution reaction of Methane
2. Isomerism and Isomers of pentane
3. Preparation equations of methane, ethane and ethyne

Chapter 18: Chemical Industries

1. Plastic and its types
2. Structures of Polyethylene, Polyvinyl chloride, Bakelite
3. Ink and its preparation
4. Soap and kinds of Soap

IMPORTANT QUESTIONS 2019

Class: IX

Subject: Computer

Note: Section "A": This section consists of 15 multiple choice question (MCQ's) and all are to be answered.

Section "B": This section consist of 9 short question out of which 14 are to be answered.

Section "C": This section consists of 4 detailed answer questions out of which 6 questions.

(MULTIPLE CHOICE QUESTIONS)

Q1: Choose the best answer.

- 1) All physical components and other attached I/O devices of computer are called _____.
a) Software b) Liveware c) Firmware **d) Hardware**
- 2) Which of the following is the major innovation of THIRD GENERATION?
a) Integrated Circuits (IC's) b) LSIC c) Vaccum Tube d) Transistors
- 3) Which computer deals with continuously varying physical quantities?
a) Digital Computer b) Analog Computer c) Macro Computer d) Mini Computer
- 4) _____ are close to human languages.
a) High Level Language b) C Language c) Computer Language d) Java Language
- 5) CPU stands for Central Processing Unit
a) Controlling Power Unit **b) Central Processing Unit**
c) Central Processor Unit d) None of above
- 6) There are _____ typical component of CPU, namely _____.
a) Two, Arithmetic and logical unit and Control unit.
b) Three, ALU, CU and External storage
c) Two, Arithmetic and logical unit and memory.
d) None of above
- 7) Bus is a set of _____ that is used as a communication path.
a) Wires b) Processor c) Register d) None of above
- 8) There are basically _____ register.
a) Fourteen b) Eight c) Sixty Five d) None of above

- 24) According to the commutative law of addition
 a) $AB = BA$ b) $A = A + A$ c) $A + (B+C) = (A+B) + C$ **d) $A + B = B + A$**
- 25) An operating system is:
 a) Set of users b) Application program c) Set of program **d) Supervisor program**
- 26) The command that clear the screen is:
 a) Clear **b) CLS** c) CLR d) CLEAN
- 27) The command that show the current data in a prompt is:
 a) Prompt \$date b) Prompt \$t c) Prompt \$p **d) Prompt \$d**
- 28) The command that displays the DOS version number is:
 a) VERS b) VERSION **c) VER** d) VOL
- 29) The bar, displayed at the bottom of the desktop is known as:
 a) Title bar **b) Task bar** c) Menu bar d) Tool bar
- 30) You can shut down, standby and restart the computer using:
 a) Desktop b) Menu bar **c) Start button** d) Task bar
- 31) Which of the following lets you browse the contents of your computer.
 a) My documents **b) My computer** c) My network places d) Windows explorer
- 32) A convenient place to store documents, graphics, or other files that you want to access quickly is:
 a) My Network Places **b) My Documents** c) My Computer d) Folder

Section "B"

Q2. Attempt nine questions. (All question carry equal marks)

1. What are SIMM and DIMM?
2. Define the term Computer.
3. Define the terms Hardware and Software.
4. Define computer according to size and capacity.
5. Give the appropriate DOS command for the task given below.
 - (i)Rename a file SAMPLE.TXT as TEST.TXT
 - (ii)Print a file XYZ.TXT TO Print.
 - (iii)Display all contents of a file PROFILE.TXT on monitor.
 - (iv)Create a directory of your name on C drive
 - (v)Removed a directory from ABC to ROOT
 - (vi)Format a disk in drive "A" making it bootable.
 - (vii)Copy all files with all subdirectories from SAMPLE directory to C drive to A drive.
 - (viii)Check version of DOS is running on your computer.

(ix) Create a text file with any name.

(x) Prepare a bootable floppy disk.

6. Define De Morgan's theorems?

i. $\overline{XY} = \overline{X} + \overline{Y}$ ii. $\overline{X + Y} = \overline{X} \cdot \overline{Y}$

Proof and show in the truth table.

iii. $(A + B)(A + C) = A + BC$

7. Conversion (solve any four).

Decimal To Binary	Binary To Decimal	Hexadecimal To Decimal	Octal to Binary
$(45)_{10}$ To $()_2$	$(1001010)_2$ To $()_{10}$	$(ABCD9)_{16}$ To $()_{10}$	$(3420)_8$ To $()_2$
$(3578)_{10}$ To $()_2$	$(10001100)_2$ To $()_{10}$	$(2210)_{16}$ To $()_{10}$	$(2647)_8$ To $()_2$
Addition	Subtraction Rules	1's complement	2's complement
101 + 011	111001 – 10111	10111	1100011
101011+110011	1101-1011	00111010	1110

8. Define computer virus.

9. Define any three input and output devices except keyboard?

10. Define the term Bus in general. What are the purposes of Data Bus, Address Bus and Control Bus.?

11. What is Electronic data processing?

12. How many types of main memory.

13. Define Keyboard with division.

14. Which device is used as an input devices as well as output device? Define it in detail.

15. What are wild card characters? Why are they used?

16. Define Super, Main, Mini and Micro computers. (Any two).

17. What do you know about language translators? Define any two.

18. Define serial ports and parallel ports.

19. Explain two impacts and two non impact printers.

20. Write definition of Input & Output devices and mention the List of Input and output devices.

21. Explain Boolean algebra OR what is a Karnaugh Map.

22. Define floppy disk and hard disk.

23. What is data? Define various types of data.

Section "C"

Q.3 Note: Descriptive answer question (Attempt any four questions all question carry equal marks.)

Q.1 Define CPU. How many parts of a CPU are there? Describe each of them with the help of a labeled diagram. Data

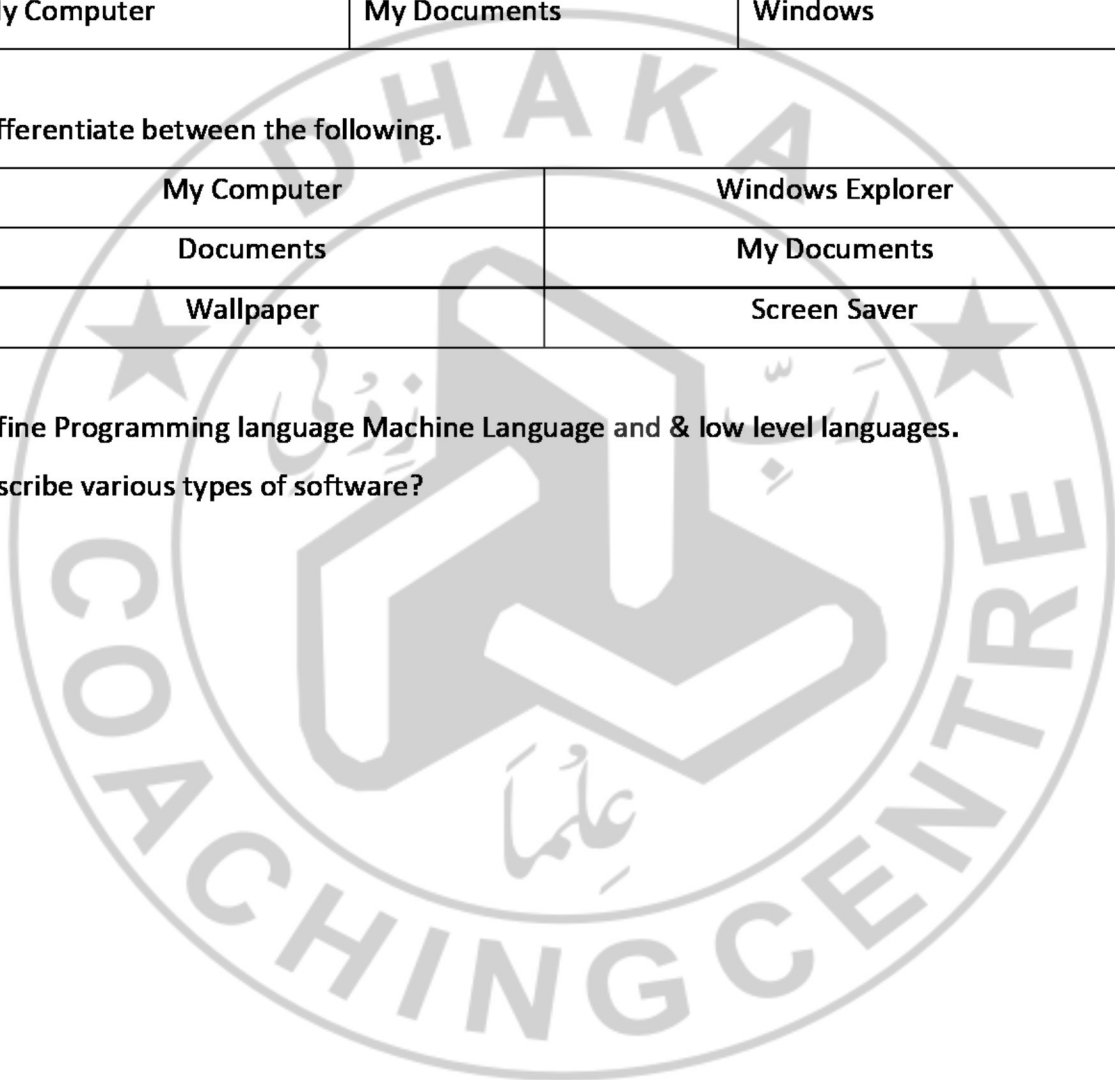

- Q.2 Define logical operations
- Q.3. Explain the functions of Windows Explorer.
- Q.4 Describe computer generations with generation table?
- Q.5 Define each item of Control Panel?
- Q.6 What is an operating system?
- Q.7 Define the properties of Windows Operating System?
- Q.8 Write short notes on the following.

Icon	Task Bar	Recycle Bin
My Computer	My Documents	Windows

- Q.9 Differentiate between the following.

My Computer	Windows Explorer
Documents	My Documents
Wallpaper	Screen Saver

- Q.10 Define Programming language Machine Language and & low level languages.
- Q.11 Describe various types of software?

IMPORTANT QUESTIONS 2019

Class: IX

Subject: Biology

Chapter # 1

1. What is biology? Explain any 5 branches of biology.
2. Explain the contribution of 5 Muslim biologist in the field of biology.
3. Define Taxonomy, Genetics, Ecology, Palaeontology, Biotechnology, Microbiology
4. Describe biological methods in detail.
5. Differentiate between biogenesis and abiogenesis. Also explain Needham's experiment.

Chapter # 2

1. Describe any 2 of the following note
1) Plastids 2) Nucleus 3) Endoplasmic Reticulum 4) Mitochondria
2. Draw a labeled diagram of Plant Cell OR Animal Cell.
3. Differentiate Prokaryotes / Eukaryotes.
4. Describe Mitosis with four phases, also draw labeled diagram.
5. Significance of Mitosis or meiosis with diff b/w mitosis / meiosis.
6. Describe Plant tissues with its types.
7. Describe Animal tissues with its types. (also diagram)
8. Describe the floral parts of a flower also draw L.S of flower of brassica.
9. Define Hibernation, digestion, respiration with three types.
10. Draw a labeled diagram of V.S of Eye of frog, V.S of Ear of frog, Digestive System of Frog, Respiratory System of Frog, Urinogenital system of Male frog, Brain of frog.
11. Arterial system / venous system of frog, T.S of Root of Brassica / T.S of stem of Brassica.

Chapter # 3

1. Explain the classification of Man, Mustard or Frog.
2. Explain 5 Kingdoms of R. Whittaker
3. Note on binomial nomenclature.

Chapter # 4

1. Write down viral characteristics, also living & non-living.
2. Draw a labeled diagram of rod-shaped bacterium also write four shapes of bacteria.
3. Explain different types of nutrition in bacteria.
4. Write 5 economic importance of bacteria OR Fungi.
5. Write salient features of cyanobacteria.

Chapter # 5

1. Define fungi and some characteristics of fungi.
2. Draw a labeled diagram of chlamydomonas and spirogyra.
3. Labelled diagram of chlamydomonas.

Chapter # 6

1. Define the three classes of bryophyte.
2. Draw a chart of tracheophyta.
3. Draw a labeled diagram of Pteris or Adiantum.
4. Differentiate the following
 - Angiosperm / Gymnosperm
 - Monocot / Dicot
5. Importance of Vascular Plants

Chapter # 7

1. Write five characteristics of Phylum.
Porifera, Echinodermata, Annelida, Mollusca, Arthropoda

Chapter # 8

1. Explain class pisces, Reptilia, Aves, Mammalia with its classes.
2. Differentiate cold blooded & warm blooded organisms.
3. Describe the flora or fauna of Pakistan.
4. Define operculum, fangs, notochord.

Chapter # 9

1. Define photosynthesis also explain the factors necessary for photosynthesis.
2. Write a note on insectivorous plant.
3. Define symbionts and parasites.
4. Define carnivores, omnivores, herbivores, saprobes, insectivores
5. Write the one function of the following vitamin A, C, D, E, K
6. Define dietary fibres, malnutrition.
7. Explain the different types of teeth. Also write dental formula.
8. Write the causes of tooth decay with prevention & Structure tooth (diagram)
9. Write the 5 disorders of Gut.

Chapter # 10

1. Different between photosynthesis / respiration.
2. Define fermentation Aerobic & Anaerobic respiration.
3. Explain book lungs, Gills, Oxygen debt.
4. Disorders of Respiration tract
5. Describe the inhalation or exhalation in detail.
6. Composition of inhaled & exhaled air.
7. Labelled diagram of the human respiratory system.

Chapter # 11

1. Describe the process of diffusion and osmosis with example.
2. Define transpiration and its types. Also factors affecting on it.
3. Differentiate between open type & close type circulatory system.
4. Define blood & its components in detail.
5. Explain functions of blood.
6. Some abnormalities of blood. Anaemia, Haemophilia
7. Differentiate between arteries / veins.
8. Explain Heart attack & angina pectoris, Tissue fluid.
9. Describe ABO blood group system.

Chapter # 12

1. Define excretion enlist the excretory organs in these organisms: Earthworm, Planaria, Cockroach, Amoeba and Vertebrates.
2. Draw a labeled diagram of human urinary system. OR structure of Nephron.
3. Define urea formation, kidney filtration, kidney stones, kidney failure.
4. Draw a chart to explain the composition of urine & filtrate.
5. Describe the treatment of kidney failure. (Kidney dialysis & kidney transplant)
6. Draw a labeled diagram of L.S of human kidney.
7. What is the role of skin in excretion?

Chapter # 13

1. Explain Annual rings, Difference between heart wood and Sap wood. Define turgidity.
2. Describe the movement in plants. Also describe the types of movements on the basis of external stimuli. (directional movements)
3. Define sessile, motile, movement, locomotion.
4. Describe locomotion in Paramecium, Euglena
5. Write down the functions of Skeleton
6. Differentiate between exoskeleton & endoskeleton.
7. Define joint also write defects of skeletal system.
8. Name the various types of muscle. Where are they found in the body of human being?

Chapter # 14

1. Differentiate between nervous / chemical coordination.
2. Define neuron also explain the structure of neuron. Also define types of neuron.
3. What is reflex arc? Also give example.
4. Draw a labeled diagram of vertical section of human eye.
5. Explain the following disorders:
Myopia, Heteromyopia, Cataract, Astigmatism, Obstruction, Paralysis
6. Define endocrine gland. Also write the names of gland with the secretion of hormone secreted by each.
7. Name some of the drugs which are commonly misused. Explain any 3. Describe growth regulators in plants.

Chapter # 15

1. Differentiate between asexual and sexual reproduction.
2. Advantages of vegetative propagation also disadvantages.
3. Differentiate pollination and its types with the importance of pollination in agriculture.
4. Define seed formation and fruit formation.
5. Describe dispersal of seeds and fruits by different methods.
6. Define seed germination with its types.
7. What are the conditions necessary for seed germination.
8. Define regeneration, parthenogenesis, budding, multiple fission, binary fission, cloning, double fertilization.

Chapter # 16

1. Write some of the hereditary disorder in human being (color blindness, haemophilia, sickle cell anaemia, diabetes, mellitus)
2. Genetic engineering, transgenic plants animals.
3. Define heterozygous, homozygous, phenotype, genotype, hybrid, allele
4. Difference between DNA/RNA, phenotype / genotype
5. State Mendel's 1st law of segregation with cross.

Chapter # 17

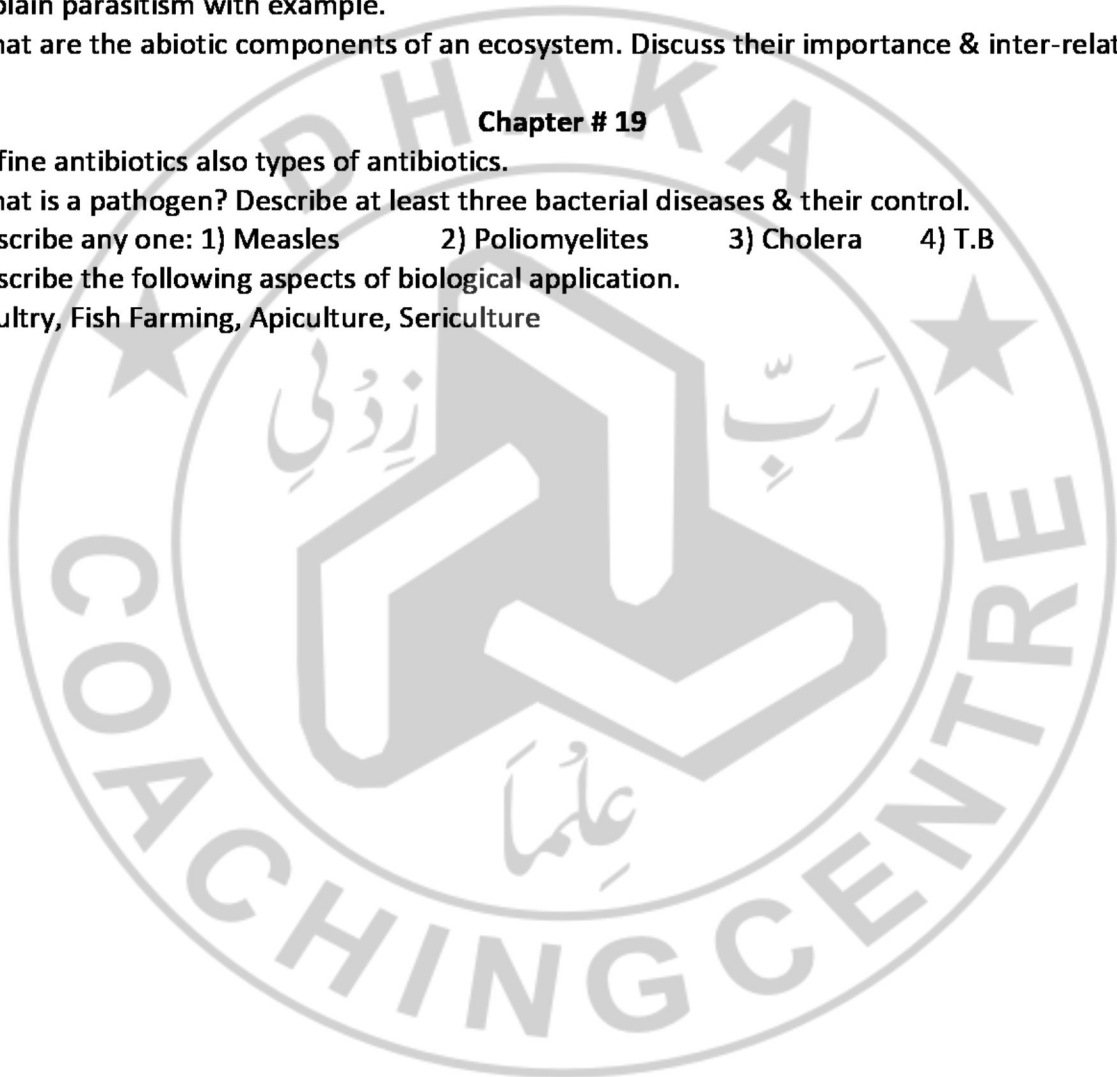

1. Define variation and its types.
2. Explain causes of variation.
3. Describe the Lamarck's theory of evolution. / Darwin's theory of evolution
4. Differentiate b/w analogous organs and homologous organs.
5. Differentiate between analogous organ / vestigial organ.

Chapter # 18

1. Define biotic components of community (producers, consumers & decomposers)
2. Define environmental biology, population, community, types of consumers.
3. What is predators – prey relationship also define predator.
4. Differentiate Mutualism / Commensalism.
5. Explain parasitism with example.
6. What are the abiotic components of an ecosystem. Discuss their importance & inter-relationship.

Chapter # 19

1. Define antibiotics also types of antibiotics.
2. What is a pathogen? Describe at least three bacterial diseases & their control.
3. Describe any one: 1) Measles 2) Poliomyelites 3) Cholera 4) T.B
4. Describe the following aspects of biological application.
Poultry, Fish Farming, Apiculture, Sericulture

IMPORTANT QUESTIONS 2019

Class: IX

Subject: Pak. Studies

Q1: MCQs

- In Pakistan the number of industrial labours employed in cotton industry is about
a) 10% b) 20% c) 50% d) 40%
- In has the largest system of canal irrigation in the world
a) India b) Pakistan c) Afghanistan d) China
- Sachal Sarmast was a sufi poet of the province of:
a) Punjab b) Sindh c) Khyber Pakhtunkhwa d) Balochistan
- The highest peak of the Hindukush range is
a) Nanga Parbat b) Trichmir c) K-2 d) Pir Panjal
- The real name of Shah Waliullah was
